

A Final Stewardship Moment from Stewardship Committee Chair, Wendy Haas:

Dear Adoration,

Remember if you were a new parent and your baby cried more often than you thought humanly possible? You fed, changed and rocked your newborn in hopes of satisfying their needs. Maybe you were scared. I was. Am I doing everything? Why won't my baby stop crying? I'm in over my head. Help!

Just like a new parent, we are in uncharted waters. We see glimpses of hope on the horizon: Vaccines. A Call process. Curbside Communion. At the same time, we have fears, uncertainty and questions. Can we weather the storm?

Well, God's got this. And God is faithful beyond our wildest imagination. Adoration is God's church after all. Over these last weeks, we have shared stories of the many ways our church family serves in love. We feed, clothe, care and support, those who need our help and our church. Our ministries change lives!

When we first join a church, I think most of us give (or serve) out of a sense of obligation. This was the case with me. Only when I became more active in the life of the church did I begin to fully appreciate it.

The Holy Spirit is at work here, dwelling in us and helping us fulfill our ministries near and far. My viewpoint of Stewardship has completely changed. I now give out of a sense of deep gratitude. I give to keep the church going forward, so the world knows we are here and all are welcome.

Blessings to you all,
Wendy Haas, Stewardship Chair
